- Maldives Masjid Madharasa – serving as both a place of prayer and Islamic learning. (Bangladesh)
- Masjidhul Taqwa – fostering a space of righteousness and unity. (Bangladesh)
- Masjidhul Tawheedh – emphasizing the core principle of Islamic monotheism. (Bangladesh)

These masjids are now vibrant centers for spiritual gatherings, Friday prayers, and community learning.

One of the most inspiring moments of the year was when renowned Islamic influencer Ali Rameez joined us on-site in Bangladesh to officially open these masjids. Adding further honor to the occasion, one of the mosques was also opened by Sheikh Mansoor, the respected Dean of the Islamic Faculty.

Opinion

We have audited the accompanying financial statements of **Khidhuma**, which comprise the statement of financial position as at 31st December 2024, the statements of income and retained funds, and statement of cash flows for the year ended, and notes, comprising a summary of significant accounting policies and other explanatory information exhibited on pages 6 to 8.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the entity as at 31st December 2024 and of its financial performance and its cash flows for the year then ended, in accordance with *International Financial Reporting Standards for Small and Medium-Sized Entities (IFRS for SMEs)*.

Basis for Opinion

We conducted our audit in accordance with *International Auditing Standards (ISAs)*. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Society in accordance with the relevant ethical requirements that are relevant to our audit of financial statements in Maldives, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Board is responsible for the preparation and fair presentation of these financial statements in accordance with *International Financial Reporting Standards for Small and Medium-Sized Entities (IFRS for SMEs)*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Association's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Association.
- Conclude on the appropriateness of the association's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate to the association regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Conclusion

As Khidhumaiy Organization completes its second year of operation, we reflect on another remarkable chapter marked by growth, resilience, and deepening impact. Building on the strong foundation of our inaugural year, 2024 has been a year of expansion—reaching more communities, strengthening our internal capacities, and refining our approach to humanitarian service.

We have continued to grow our partnerships both locally and internationally, enabling us to scale our efforts and respond more swiftly to urgent needs. Our name has become increasingly recognized for reliability, transparency, and heartfelt service—qualities that continue to earn the trust of those we serve and those who stand with us.

Reputation Building: Within a short span, Khidhumaiy has successfully established itself as one of the most reputable humanitarian aid organizations in the Maldives. Our commitment to transparency, accountability, and delivering results has garnered trust from communities, donors, and stakeholders alike.

From water and food aid to medical relief, disability support, empowerment programs, and crisis response—our reach has broadened, and our impact has multiplied. This year has not only been about numbers and projects but about the human stories behind every effort—families with clean water, children with restored hope, and communities that feel seen and supported.

This progress would not have been possible without the incredible commitment of our team, the generosity of our donors, and the solidarity of our partners. To everyone who journeyed with us through 2024 thank you for believing in our mission.

As we look to the future, Khidhumaiy remains committed to compassion-driven action, continuous improvement, and sustainable humanitarian development. The journey is far from over—but together, we are creating a lasting legacy of hope and dignity for those who need it most.

THANK YOU
