# PROJECT DESCRIPTION

In a heartfelt collaboration, Khidhumaiy Organization and Özgür Ümmet Derneği join forces under the banner of "أسرتي" (My Family), a project aimed at extending critical aid to the refugee population in Gaza. Our joint mission is to sponsor families, ensuring they have access to basic necessities and the opportunity to lead dignified lives amidst the turmoil of conflict.

The situation in Gaza paints a harrowing picture: families displaced, homes destroyed, and lives uprooted by the relentless onslaught of war. In the midst of such devastation, the cries of those in need reverberate through the ruins, echoing the urgency of our mission.

It is with a profound sense of duty and compassion that we introduce this project, knowing that each family we sponsor represents a story of resilience, hope, and survival. As organizations rooted in Islamic values, we are driven by a shared commitment to alleviate the suffering of our Muslim brothers and sisters in Gaza.

With "أسرتي" (My Family), we endeavor to do more than provide material assistance; we aim to restore dignity, offer solace, and ignite a flame of hope in the hearts of those facing unimaginable hardships. Together, let us extend the love and compassion of our ummah to those who need it most, standing in solidarity with our Gaza family as they navigate the path toward brighter days.

Additionally, we will be coordinating closely with Palestinian authorities in Qatar to facilitate and monitor these sponsorships, ensuring effective implementation and accountability. This support will continue for a 6-month period, providing sustained assistance to families in need.

# GOALS TO BE ACHIEVED

The primary objective of “My Family” is to provide immediate relief and support to families in Gaza who are facing dire circumstances due to the ongoing conflict and economic instability. Through family sponsorship, the project aims to:

## Alleviate Financial Burden

By providing one month's worth of living expenses, including food and other necessities, The Project aims to alleviate the financial burden on vulnerable families, enabling them to meet their basic needs and maintain their dignity during these challenging times.

## Foster Community Support

The project seeks to foster a sense of community support and solidarity among individuals, organizations, and communities both locally and internationally. By coming together to support families in need, participants demonstrate the spirit of compassion and empathy, strengthening bonds and promoting collective action for humanitarian assistance.

## Promote Resilience

Through its support for families in Gaza, We aims to promote resilience and empowerment within the community. By providing immediate relief and support, the project helps families to cope with the challenges they face and rebuild their lives, fostering a sense of hope and optimism for the future.

# BENEFICIARIES

Gaza, often described as one of the most densely populated areas in the world, has been plagued by decades of conflict, resulting in widespread displacement and hardship. The recent escalation of violence has exacerbated the situation, leading to a significant increase in the number of displaced families and refugees living in overcrowded camps with limited access to basic services.

According to the United Nations Relief and Works Agency for Palestine Refugees (UNRWA), over 70% of Gaza's population relies on humanitarian assistance to meet their basic needs. The situation is particularly dire for families living in refugee camps, where poverty rates are among the highest in the region.

The beneficiaries of “My Family” are these vulnerable families living in Gaza, including those who have been displaced by conflict and are struggling to make ends meet. Through family sponsorship, the project aims to provide these families with one month's worth of living expenses, including food, water, and other essential items, helping them to survive and rebuild their lives amidst the ongoing crisis.
